Indications:

The product **Bee- Vit Plus Amino** with the balanced presence of vitamins and amino acids is a nutritional supplement, which when is used, we achieve the below:

1. Increases the productivity of the bees.
2. Increases the fertility of queen -bee.
3. Provides to the bee feed the vitamin profile of honey and pollen.
4. Increases the biological value of the protein in the food bees
5. Contributes to the proper stimulation of bees.
6. Increases the correct development of the offspring and the bee's also.
7. Strengthens the bees
8. Reduces the stress caused by bee-keeping handles and contradictory weather circumstances.
9. Enhances the immune system of the bees against different diseases (parasitic, microbial, viral), by protecting bees from diseases and health problems.
10. Activates bees to consume the additional feed
11. Activates the repletion mechanism of the bees, to consume the necessary quantity of bee feed.
12. Reduces the aggressiveness of the bees.

Suitable for all stages and seasons, when bee lacks of nutritional elements received by natural nutrition.

Vitamins are special protected (capsulated) so that to resist in high boil temperatures of the bee feeds. Does not leave any residue in the produced honey.

Use:

Instructions for use : 1-3gr per kg of complementary composer bee feed (sugar-water, syrup , sugar dough, vanilla, pollen pie), depending on the increased needs of the bee hive.

Net Weight:

1 kg
